In the 2002-2003 academic year, the higher education programs which may admit foreign students by pre-registration or special skills tests are shown in the table below. In order to apply for these programs, foreign students are required to enter the YÖS examination. The information about the quotas, requirements and the procedures of selection to these programs should be obtained directly from the higher education institutions concerned. ÖSYM is not concerned with student selection and placement through the special skills tests. The rules and regulations in this Guide, concerning registration, also apply to foreign students who are placed through pre-registration or special skills tests.
